### Poetry of Place

[The Photographers' Gallery](#) (London)

18 January - 18 February 2018

British photographer Paul Hart (b.1961) has spent over a decade exploring human relationships with the land through photographs devoid of people. *Poetry of Place* is Hart's first solo exhibition at The Photographers' Gallery and brings together his three related series to date; each one focussing on a precise geographical region photographed intensively over a number of years.

### Hart in *LensWork Extended* #85 *Truncated*

Becoming one of the UK's leading landscape photographers, we're delighted to show images from Hart's new book, *Truncated* – a study of the mysteries and rich tonalities in this "cathedral-like" woodland.

Back issues of *LensWork Extended* perpetually [available here](#).
