By Paul Kenny - Foreword By Francis Hodgson

O Hanami - The Celebration Of Transient Beauty ties together several threads of Paul Kenny's work from 1995 through to previously unseen images made in 2018.

The unifying core being work made with scraps of natural material from his garden and the hedgerows around his home.

Kenny in *LensWork Extended* #112 *Seaworks*

"*Seaworks* is a term I use to define an ongoing body of work made on or about shorelines. The work, building on themes developed over 40 years, seeks to find the awe-inspiring in that which is easily passed by and by looking at the macro, how we might gain insight into the macro."
