## Workshops

If you love to learn about photography (or want to treat someone who does) sign up for my *ABCs of Beautiful Light* class next summer at the Santa Fe Workshops, July 8-13, 2018. I will be teaching a basic lighting workshop that normally takes 10 weeks in Seattle. Spend a week in one of the most beautiful places in the country, at a workshop jam-packed with information that will change your photographic life. [Click here](#) for more information.

I will also be teaching a three-day workshop on the Still Life at the [Photographic Center Northwest](#), August 10-12, 2018. This is not yet on their website but you can contact [Jennifer Brendicke](#) at PCNW.

If you want a one-on-one Masterclass or workshop with me, I can create one with you to further your skills, develop a series, challenge your muse. You can buy one hour or a block of time to give to your favorite photographer (or yourself)! [Contact me](#) for details.

### Olson in *LensWork* and *LensWork Extended* #75 *This Is Who I Am: Our Beauty in All Shapes and Sizes*

The studio nude is a revealing photograph, but the stories that these women tell about their identity are even more revealing. A poignant project that explores "beauty in all shapes and sizes," as the subtitle of Olson's new book suggests.
