## New Film

A new article in *Motion Arts Pro* by David Schonauer features Sean Kernan's new 45-minute film about the Kampala Boxing Club. [Read the article](#)

The film challenges any conceptions we might have with a view of what it actually is, so alive and demanding, so alien. Long hours honing the mind and body, then expending all that training in a few three-minute rounds, offering honor to the opponent who is trying to beat you; these are experiences that almost none of us will ever have.

Kampala Boxing Club is a surprising look at fighting and what lies beyond it. It invites you to see the heart and humanity and the beauty in boxing. The chance is rare. Take it!
