All done?

Save the completed PDF form on your computer, then upload it to our [Dropbox link](#). It's a good idea to open the PDF after you've saved it just to be sure all your data was saved correctly. Once we have your Entry Form and six images, you will receive a confirmation email from us so you will know that your entry is complete.

By the way, if the Adobe Reader pops up a window about “signing” this document, you can ignore that. The copyright signature above is all that is required, but sometimes Adobe Reader brings up this dialog box because it sees that this is a form with a signature field.
